2017 Energy Efficiency Rebate Form

ELIGIBILITY CRITERIA

- ❖ Equipment must be installed in 2017.
- ❖ Installed equipment must be on cooperative's lines.
- ❖ Rebates not allowed for a measure and a component of that measure. For example, if an air source heat pump has a variable speed blower motor, the air source heat pump qualifies for a rebate but not the variable speed blower motor.
- ❖ Rebates are in place through December 15, 2017, or until funds are depleted. Funds are limited so members are encouraged to submit as soon as possible.
- ❖ All documentation listed below must be submitted no later than 3 months after installation date, or by December 15, 2017, whichever date comes first.
 - ✓ This Rebate Form
 - ✓ A copy of your receipt or invoice for each item purchased
 - ✓ AHRI certificate number
 - ✓ Documentation showing the equipment has been installed
