

Commercial Rebates

Barron Electric offers a variety of rebates and incentives for businesses. Visit us at barronelectric.com and click on the commercial tab for more information.

Terms

- Products and services must be purchased in 2017.
- Members must meet eligibility requirements and provide required documentation.
- All rebates/incentives under \$200 will be issued in the form of a credit to the member's electric account.
- Please allow eight to ten weeks to process the rebate/incentive application.
- BEC reserves the right to deny or limit any rebate/incentive.
- Rebate incentives will not exceed the purchase price.
- A random inspection may be conducted to verify installations.
- Programs expire 12/15/2017.

Forms are available at barronelectric.com or by calling the office at 800-322-1008.

The following rebates are available when purchasing qualifying Energy Star® appliances:

Energy Star® Appliances

Clothes Washer	\$25
Clothes Dryer	\$25
Heat Pump Clothes Dryer	\$50
Dishwasher	\$25
Dehumidifier	\$25
Refrigerator	\$25

Recycling

Refrigerator/Freezer Recycling	up to \$25
Window AC Recycling	up to \$25

Conservation

Low Flow Showerhead (2.5 gpm or less).....	\$5 each
Low Flow Faucet Aerator (1.5 gpm or less)...	\$1 each
Occupancy Sensor	\$5 each

(capped at 50% of cost)

Wind & Solar Renewable Energy Program

Members are eligible for a 50% rebate, up to \$200, for a site assessment for a small-scale (<20KW) renewable energy project. The assessment will

be performed by an assessor certified by the Midwest Renewable Energy Association who will visit your home to analyze its renewable energy potential. A report is given that provides:

- A basic analysis of the member's energy needs
- Recommendations for energy efficiency
- Recommendations for size and type of renewable energy system
- General cost estimate for the system

Lighting Rebates

LED lights save 85% of energy use over incandescent lights and last 25 times longer. CFLs save 75% of energy use over incandescent bulbs. Save money with efficient lighting and the rebates listed below:

CFL Bulb.....	\$1
LED Bulb	\$2
LED Exit Sign.....	\$5
Occupancy Sensor.....	\$5

Capped at 50% of individual item cost

Rebates are also available on LED fixtures, T5 fixtures, and T8 fixtures.

Visit barronelectric.com for more information.

Home Performance Assessments

Members will receive up to a 50% discount on the cost of a Home Performance Assessment, valued at \$300. A certified assessor will perform a full energy evaluation and recommend energy-saving home improvements. Member Anita Soley said, "*The home performance assessment was*

very educational. They gave us numerous tips for saving on heating, as well as insulating our home and venting correctly. This was well worth the time and money."

Visit our website for Energy Sense Programs under the Residential & Commercial Tabs.
